

To all at Chef Jack's!

Mike and I just wanted to thank you for making our wedding day so special! Everyone of your staff members performed their tasks to a "T". The professionalism that they all showed made it easy for Mike and I to relax and truly enjoy the day.

I was initially nervous about having the European Extravaganza as our meal but when your staff came in, set up, and got to work. I had no doubts. I knew if I needed anything I just had to find a Chef Jack's employee and they would help to accomplish what ever it was that I needed done. It truly was a great experience.

I received e-mails after our wedding just saying how great it was and how much my guest enjoyed the change of pace. I know without the experience and overall friendliness of your staff I could not have pulled this off.

Just from a few small comments made by your staff on our wedding day saying how great our families where just added that extra touch. And in return when stopping to say our thanks to the guest and hearing things like "The food is great!" or "The staff is all so friendly, this is really nice!" Just made our day even better.

We are trying to come with an excuse to use your services again and are recommending you to all we know.

Thank You!

Mike and Becky

P.S. Last note I promise! I just wanted Candy and Jack to know that our first meeting and food tasting is what set you apart from all the other caterers. I met with 4 caterers for tastings and talked to several others on the phone. After meeting with you I knew I had finally found a company that was truly about customer service and putting together a great event. The best part of it all.....the initial meeting wasn't where it stopped. Through the end everything you had said during the tasting matched up perfectly!  
Thank you, Becky.
