Candy & Team,

Let me begin by extending a great BIG **\*THANK YOU\***, for a wonderful event Saturday night, at Cuvee. The evening far surpassed any expectations Brian and I had. We were extremely blown away by the meticulous set-up, amazing service and the spectacular food. The outpouring of positive feedback we are already receiving from our guests has been tremendous. The number one element people are complimenting us on is the food – all of this praise belongs to your team.

We knew we had selected a great catering team from the beginning, and we're just so thrilled that our guests are feeling the same way. The presentation was impeccable, and having been to 25+ weddings ourselves, we can say with absolute certainty that this really was the best food we've ever experienced at a reception, from first bite to last.

We could not have pulled off such a wonderful event without your team – hats off to all of you!!!!

Best,  
Rachel & Brian
