

thank you

Chef Jack & Team -

Chris and I can not begin to express our satisfaction w/ your service at our wedding at the War Memorial on 10/11/08. We were beyond impressed with every aspect of your service as well as our guests. I can't even count the number of people who commented on the food and service. I can't recall the names of our captains - but again, we were so impressed w/ their attentiveness. They were both able to find Chris and I upon arriving at the War Memorial and were sure to introduce themselves and just gave us an update on how everything was going. Dinner was absolutely amazing and the cordial shots were a huge hit. Your staff added so much class and sophistication to our wedding and took all the stress off of us. We can't thank you enough and are so happy we chose to have you cater our wedding!
